PROPOSAL DEADLINE: FRIDAY, SEPTEMBER 20, 2019 – 5:00PM CST

INTRODUCTION:

Through a global network of international offices and strong support in the U.S., USSEC helps build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

The U.S. Soybean Export Council (USSEC) seeks an individual or organization to work closely with the Market Access Marketing Director to monitor and report on various market issues around the globe- primarily related to biotechnology and pesticides.

PURPOSE OF RFP:

USSEC's standard practice is to RFP every 3 years in an openly and competitive manner. This type of cost analysis will assist in determining the fair market value for the work to be performed and allows USSEC the opportunity to evaluate various proposals and select the best contractor for the job based on experience, availability, expertise, approach, and cost

The purpose of this RFP is to seed a contractor that is well informed (particularly in regards to late-breaking and current events) on the facts about agricultural biotechnology and its impact as well as other market access challenges such as Maximum Residue Limits (MRLs).

BACKGROUND & PURPOSE OF PROJECT:

A wide range of global market access and trade issues often limit U.S. soy exports. These issues can include biotechnology, sustainability and technical barriers.

The contractor will follow the status and trends of agricultural biotechnology acceptance, adoption and potential across key regions and countries.

TARGET AUDIENCE:

Target audiences in national governments and institutions for USSEC messages on biotech and on pesticides will be identified in line with their responsibilities. In many cases target audiences for both policy within industry associations and other stakeholder groups may be the same.

SCOPE (SERVICES) OF WORK:

- Monitor and report on various market access issues around the globe (except EU) – primarily related to biotechnology, plant breeding innovation and pesticides
 - Develop and maintain a tracking mechanism to assist Marketing Director for Market Access
- Monitor and report on Biosafety Protocol developments
- Attend meetings on Biosafety Protocol as directed
- Monitor and report on as well as participate in GAABT, GLI and other LLP activities
- Monitor and advise USSEC on Plant Breeding Innovation and biotechnology regulatory developments with the potential to impact international trade
- Monitor and advise on developments at CODEX
- Engage other cooperators on market access issues of mutual interest
- Attend up to 15 meetings (domestic & international) by request of USSEC
- Represent USSEC on International Grain Trade Coalition Workgroups as requested by USSEC

- USSEC and Prospective Contractor agrees to comply with the provisions of Equal Employment Opportunity (EEO). USSEC provides EEO to all employees and applicants for employment without regard to race, color, religion, gender, sexual orientation, gender identity or expression, national origin, age, disability, genetic information, marital status, amnesty, or status as a covered veteran in accordance with applicable federal, state and local laws.

SUPPLEMENTAL INFORMATION AND BACKGROUND

BUILDING A PREFERENCE FOR U.S. SOY

USSEC's strategy can be found here: <http://ussec.org/about-ussec/vision-mission/>

USB's Long Range Strategic Plan can be found here: <http://unitedsoybean.org/about-usb/strategic-planning/>

We are a dynamic partnership of key stakeholders representing soybean producers, commodity shippers, merchandisers, allied agribusiness and agricultural organizations.

Through a global network of international offices and strong support in the U.S., we help build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

Our 15-member board of directors is comprised of four members from the American Soybean Association (ASA), four members from the United Soybean Board (USB), and seven members representing trade, allied industry, and state organizations.

New board members are seated annually. We are receiving funding from a variety of sources including soy producer checkoff dollars invested by the USB and various state soybean councils; cooperating industry; and the American Soybean Association's investment of cost-share funding provided by the United States Department of Agriculture's (USDA) Foreign Agriculture Service.

The United Soybean Board, created by the 1990 Farm Bill to manage and direct the National Soybean Checkoff, is dedicated to marketing and research for the soybean industry. USB is comprised of 73 volunteer soybean farmers representing the interests of fellow growers nationwide. Each board member is nominated by Qualified State Soybean Boards (QSSBs) and appointed by the U.S. Secretary of Agriculture.

Because of the limitations on administrative and salary costs established in the Act, USB outsources the majority of its program management responsibilities to USB's three primary contractors:

- SmithBucklin-St. Louis for domestic marketing, new uses, production research and Board initiative activities;
- Osborn & Barr Communications for communications/public relations activities and;
- United States Soybean Export Council (USSEC) for international marketing and global opportunities activities.

As one of these three primary contractors USSEC may also undertake initiative activities on behalf of USB. USB considers primary contractor staff (approximately 60 people) as core USB staff. These three primary contractors use a number of subcontractors and, together,

these entities carry out approximately 450 projects each year for USB. USB also manages approximately 10 subcontractors.

Non-Discrimination Statement
