END RESULT CONTRACT
SUBMISSION DEADLINE
5:00 PM CST, 04/08/2026**

TYPE OF CONTRACT: END RESULT CONTRACT

The fee includes all consulting fees, employee compensation and benefits, overhead, travel expenses or any other type of expenses incurred to effectively complete the services/deliverables agreed upon. The payment represents the sole and complete liability of USSEC for services rendered in relation to the agreement.

USSEC Budget Table Template must be completed outlining how the fee was derived.

USSEC will rate proposals based on the following factors:

- Responsiveness to the requirements set forth in this Request for Proposal (RFP).
- Relevant past performance/experience
- Samples of work
- Budget

USSEC is seeking proposals for the work outlined in the RFP. This type of cost analysis will assist in determining fair market value, and it provides USSEC with the opportunity to evaluate various proposals to select the best contractor for the job based on experience, availability, expertise, approach, and cost.

INTRODUCTION:

The U.S. Soybean Export Council (USSEC) focuses on differentiating, elevating preference, and attaining market access for the use of U.S. Soy for human consumption, aquaculture, and livestock feed in 80+ countries internationally. USSEC members represent the soy supply chain including U.S. Soy farmers, processors, commodity shippers, merchandisers, allied agribusinesses, and agricultural organizations. USSEC is funded by the U.S. soybean checkoff, USDA Foreign Agricultural Service (FAS) matching funds, and industry.

PURPOSE OF RFP:

USSEC's standard practice is to RFP every 3 years in an open and competitive manner. This type of cost analysis will assist in determining the fair market value for the work to be performed and allows USSEC the opportunity to evaluate various proposals and select the best contractor for the job based on experience, availability, expertise, approach, and cost.

The purpose of this RFP is to support the development, enhancement, and deployment of the MAFFD v2.0 platform for monogastric animals, alongside the design and delivery of practical feed formulation workshops. The work will strengthen data systems, improve feed formulation tools, and build technical capacity among, followed by three feed formulation workshops that should take place by September 30, 2026 and on dates assigned by USSEC as they will be in conjunction with other USSEC events.

The MAFFD platform is intended to serve as an integrated resource for feed ingredient composition, animal nutritional requirements, and practical feed formulation, enabling more efficient, cost-effective, and nutritionally optimized feed production.

BACKGROUND & PURPOSE OF PROJECT:

- The U.S. Soybean Export Council (USSEC) is committed to differentiating U.S. Soy in global markets by promoting its value and encouraging animal feed producers to adopt a preference for U.S. soybean meal. Central to this effort is demonstrating superior nutritional quality, consistency, and performance advantages, supported by data-driven tools and technical engagement with industry stakeholders.
- The purpose of this RFP is to support the development, enhancement, and deployment of the MAFFD v2.0 platform for monogastric animals, alongside the design and delivery of practical feed formulation workshops. This project will strengthen data systems, improve feed formulation tools, and build technical capacity, including the delivery of three workshops by September 30, 2026, on dates assigned by USSEC in coordination with other events. The MAFFD platform is intended to serve as an integrated resource for feed ingredient composition, animal nutritional requirements, and practical feed formulation, enabling more efficient, cost-effective, and nutritionally optimized feed production.

TARGET AUDIENCE:

Feed and monogastric animal producers.

SCOPE (SERVICES) OR WORK:**A. Database Development and Enhancement**

- Develop and update a Feed Ingredient Composition Database (FICD – Monogastric v2.0) to improve ingredient data quality and coverage.
- Develop and expand the Animal Nutritional Specifications Database (ASNS – Monogastric v2.0), including:

- Expansion of nutritional specifications for additional commercial broiler strains.
- Initiation of nutritional specifications for laying hens (multiple strains).
- Initiation of nutritional specifications for swine (selected breed/genotype).
- Develop a Practical Feed Formulation Database (PAFF – Monogastric v2.0 simulations) to support least-cost formulation and scenario analysis.

B. Platform and Interface Development

- Refine and enhance the MAFFD v2.0 web interface and landing pages.
- Improve user experience and accessibility of feed formulation tools.
- Establish a scalable foundation for integration with broader digital initiatives (e.g., IAND or similar platforms).

C. Organize, design and deliver interactive three workshops focused on monogastric feed formulation

I. Design and Delivery Support

- Provide backend technical support and coordination for feed formulation workshops.
- Participate in workshop delivery through qualified technical personnel.
 - Prepare workshop-specific materials, including:
 - Customized feed ingredient databases
 - Software setup and onboarding resources
 - Technical presentations and training modules

II. Workshops should include:

- Participant presentations, feedback sessions, and open discussions.
- Combine lectures, practical exercises, and interactive discussions to ensure applied learning outcomes.
- A two-day program with topics related to:
 - Introduction to feed formulation principles and MAFFD tools
 - Nutritional requirements for poultry (broilers and layers) and swine
 - Feed ingredient evaluation and quality considerations
 - Training on least-cost feed formulation software
 - Hands-on formulation exercises (guided and independent)
 - Feed manufacturing, quality control, and field monitoring practices
 - Nutritional strategies to address production and health challenges
- **Note:** Workshops will be:
 - In person – Vietnam, Poland and China
 - Should consider a two-day program
 - Include speakers and all travel related expenses

*** USSEC will secure the venue and AV equipment needed for the implementation of the workshops

METHODOLOGY & KEY METRICS

- Methodology is to utilize least-cost animal feed formulation to compare representative diets containing soybean meal from different origins.

ADDITIONAL CONSIDERATION (if applicable)

Provide a proposed periodic payment fee based on the required deliverables. Monthly fixed payments are preferred. Please include all provisions required to conduct the activities listed in the proposal.

Budget (Example of how we will write the contract)

Budget (Example of how we will write the contract)

The total cost is \$143,000, inclusive of all associated fees for the study. Payment will be made in three installments based on project milestones:

Initial Payment (Upon Execution of Agreement) – \$25,000

Second Payment (Upon Completion of Baseline Projections and Scenario Simulations – February 28, 2026) – \$45,000

Final Payment (Upon Delivery of Final Report and All Deliverables – May 31, 2026) – \$73,000

Invoices will be submitted at each milestone and are payable within 30 days of receipt. the installments can be monthly quarterly, etc

Please write Lizette Vargas (LVargas@ussec.org) to request the USSEC Budget Table Template.

SUPPLEMENTAL INFORMATION AND BACKGROUND

BUILDING A PREFERENCE FOR U.S. SOY

USSEC's strategy can be found here: <https://ussec.org/about-ussec/>

USB's Long Range Strategic Plan can be found here:

<https://www.unitedsoybean.org/strategic-plan/>

We are a dynamic partnership of key stakeholders representing soybean producers, commodity shippers, merchandisers, allied agribusiness and agricultural organizations.

Through a global network of international offices and strong support in the U.S., we help build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

Our 16-member board of directors is comprised of four members from the American Soybean Association (ASA), four members from the United Soybean Board (USB), and eight members representing trade, allied industry, and state organizations.

New board members are seated annually. We are receiving funding from a variety of sources including soy producer checkoff dollars invested by the USB and various state soybean councils; cooperating industry; and the American Soybean Association's investment of cost-share funding provided by the United States Department of Agriculture's (USDA) Foreign Agriculture Service.

The United Soybean Board, created by the 1990 Farm Bill to manage and direct the National Soybean Checkoff, is dedicated to marketing and research for the soybean industry. USB is comprised of 77 volunteer soybean farmers representing the interests of fellow growers nationwide. Each board member is nominated by Qualified State Soybean Boards (QSSBs) and appointed by the U.S. Secretary of Agriculture.

Because of the limitations on administrative and salary costs established in the Act, USB outsources the majority of its program management responsibilities to primary contractors. U.S. Soybean Export Council (USSEC), Inc. is contracted to manage projects for international marketing and global opportunities activities.

NON-DISCRIMINATION STATEMENT

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20260-9410; (2) fax: (202) 690-7442; or (3) [email:program.intake@usda.gov](mailto:program.intake@usda.gov).

USDA is an equal opportunity provider, employer, and lender.

CIVIL RIGHTS CLAUSE

Contractor agrees that during the performance of this Agreement it will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, age, disability, political beliefs, sexual orientation, marital or family status, parental status or protected genetic information. Contractor further agrees that it will fully comply with any and all applicable Federal, State and local equal employment opportunity statutes, ordinances and regulations, including, without limitation, Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1967, and the Equal Pay Act of 1963. Nothing in this section shall require Contractor to comply with or become liable under any law, ordinance, regulation or rule that does not otherwise apply to Contractor.
